

# Grade 1

## Home Learning Mrs. Gladwin/Mr. Fields

Daily work: All students have a learning packet which is organized into days of learning within their work folders. Daily work can be completed at their own pace throughout the day.

We understand that each family has a different home schedule and will do their best to work on learning activities. If work becomes overwhelming please stay in touch. Mental health and well being comes first.

Online Learning: We will be online daily from 9am-10am via google meet. A link for the meet will be sent to parents' home email addresses.

Additional Support: We are also open to connecting outside of our online 9am-10am hour with phone calls or video chats. Please connect if you feel your child would like a one on one connection.

Work Samples: **We want to receive pictures of completed work and of course your child engaged in learning. Please email or text us pictures. Parents, please let your child complete their work independently. If they make mistakes that's ok.** This helps inform our teaching and allows us to work on those tricky areas during our online learning.

## Work Activities: Monday, May 10, 2021

Today's work papers are in your May work folder.

1. Online Learning 9-10: Join the online teaching google meet 9-10. Bring your May work folder and something to write with.

2. Date Page: Print the date, and code date.

3. Word Study:

1. Need to Know Word for reading and writing: **little**

Print it until your brain knows the letters. Say it. Spell it. Write it. Complete the reading sheet for the word little.

2. Read the May Poem. Circle the word "little". Illustrate the poem page with pictures that the poem makes you think of.

3. Squiggle Park: Login and practice your words and sounds. Your

code is in your April folder.

<https://play.squigglepark.com/squigglepark/index.html>

4. Read for 10 minutes

Read your home reading books or from your online RAZ kids.

Your code is in your April folder. <https://www.raz-kids.com/>

5. Math.Friends to Ten Sheet Connect the two numbers that add together to make 10. Print the number sentence on the line.

6. Fun Activity: Hidden Pictures Can you find all of the hidden pictures.

## Work Activities: Tuesday, May 11, 2021

Today's work papers are in your May Work Folder.

1. **Online Learning:** Join the online teaching google meet from 9-10. Bring your May work folder and something to write with.
2. **Date Page:** Print the date, and code date.
3. **Word Study:**
  - A. **tr cluster:** Knowing cluster sounds at the beginning of words help us when we spell. Complete the tr cluster sheet.
  - B. **Blank Page:** It's our personal best Word Writing. Use the blank paper in today's packet of activities and have something to write with. This activity will take 10 minutes. **Family Members: please allow your student to do this independently without any help or prompts.**

Activity: You have 10 minutes to print as many words as you know how to spell. Names, toys, word wall words, colour words, days of the week, word family words, etc.

Play Mrs. Gladwin's video and she will guide you through the activity.

Video: [Tuesday Word Writing](#)

5. **Reading:** Read for 10 minutes. Read from your home reading books  or from your online RAZ kids. Your code is in your April folder. <https://www.raz-kids.com/>

6. **Math: Total of 10 Sheet.** Solve for the missing parts that are needed to make 10.

## Work Activities: Wednesday, May 12, 2021

Today's work pages are in your May Work Folder.

1. Online Learning: Join the online teaching google meet from 9-10.

Bring your May work folder and something to write with.

2. Date Page: Print the date, and code date. Draw how you are feeling.

3. Word Study: Cluster Sheet Review: **dr tr pr**

Say each picture. Print the cluster you hear at the beginning of each word.

4. Writing/Reading: Finish the dice game by writing a sentence for number six using the word "little". Find a partner to play the game with.

Take turns and read the sentence you roll each time. Remember to make your reading sound like talking.

5. Math:Partner to 10 Sheet. Complete the sheet by printing the number that is needed to make ten.

## Work Activities: Thursday, May 13, 2021

1. **Online Learning:** Join the online teaching google meet from 9-10. Bring your May work folder and something to write with.
2. **Date Page:** Complete the short review questions.
3. **Word Study:** Read the plant words and put them in the correct spot on the illustration. Complete the activity on the back of the sheet.
4. **Writing:** Focus: Adding details and more sentences to our writing.

Choose a special item from home. Tell what it is. What does it look like?(colour, shape, size, made of). Where did you get it? or Where do you play with it? How do you feel about it and why?

Say your ideas. Write your ideas. Remember to do your best kid spelling. When you are done, answer these questions:

1. Do my sentences make sense?
2. Did I use a capital letter to start each sentence?

### 5. **Reading:**

Read your home reading books or from your online RAZ kids. Your code is in your April folder. <https://www.raz-kids.com/>

6. **Math:** Read and solve the story problem.

## Work Activities: Friday, May 14, 2021

1. **Online Learning:** Join the online teaching google meet from 9-10. Bring your May work folder and something to write with.

2. **Date Page:** Complete the short review questions.

3. **Word Study/Writing:**

**Need to know words review:** Use each word in a sentence. On the back, find each word in the word search.

**Squiggle Park:** Login and practice your words and sounds. Your code is in your April folder.

<https://play.squigglepark.com/squigglepark/index.html>

4. **Art:** Watch Mrs. Gladwin's art video. We have worked with different lines, shapes and colours all year in class. Use the art template to create your own flower. Each square can have different colours.

Video: [Friday Flower Art](#)

6. **Reading:**

Read for 10 minutes from your home reading books or from your online RAZ kids. Your code is in your April folder.

<https://www.raz-kids.com/>

7. **Math:** Read and solve the story problem.

Try some of the math activities in Khan Academy Kids. Our class code is in your April folder.
