

Grade ¾ Lawlor
Online Learning Through Seesaw
Monday, June 1st - Friday June 5th, 2020
Teacher Email: (klawlor@gnsps.ca)

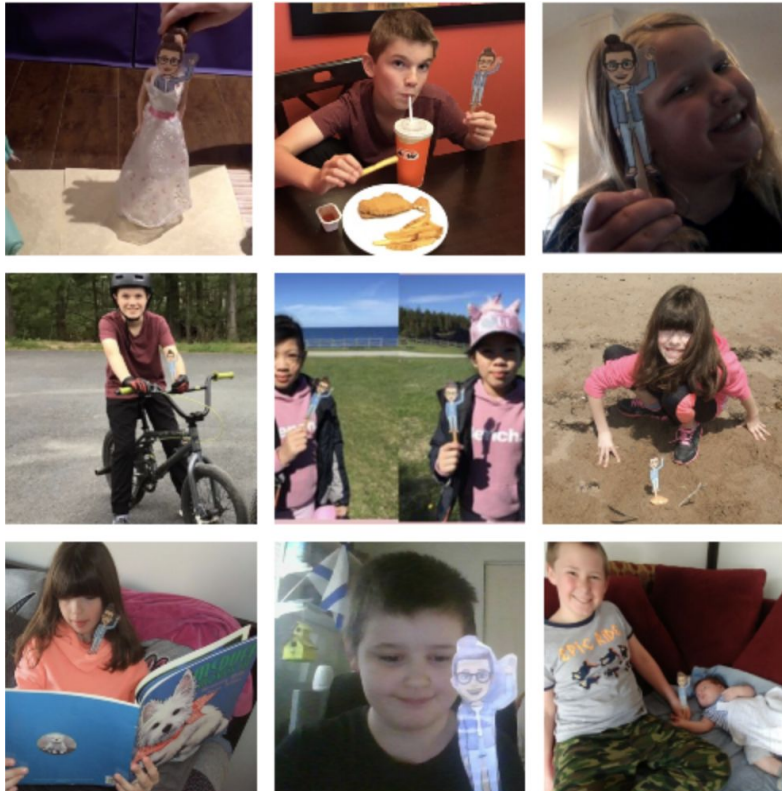

Dear Families,

As we head into our final week of distance learning together, please know how proud I am of our Grade ¾ families and students. Thank you for the great ideas, support, communication, laughs, and positive energy. Thank you for your questions, patience, photos, work samples, and stories from home. These 26 students have made such a wonderful impact on me this year. I will miss their voices reading to me, smiles, morning greetings, contagious laughter, curiosity, art work, funny jokes, intelligence, ambition, and energy, among so many other things. Great learning and countless memories filled Room 305 at BES. Let us celebrate all of this :)

This week on Seesaw, I have posted a few final math activities, as well as a 'student choice board.' The choice board is an accumulation of review, end of the year, and well-being activities. As always, complete what you are able to at home. On Thursday, we will have our end of the year class video chat. Students are invited to dress in their 'fancy' attire, and enjoy an awards ceremony! Individual awards will later be emailed to parents, for students to have access to their award. Some guidelines regarding how the video chat will unfold will be sent along in an email later in the week!

Flat Teacher Adventures

Name: _____

June 1-5th

CHOICE BOARD

Math	Reading	Writing	Well-Being
Download the "Slice Fractions" app and have fun learning more about fractions!	Read a non-fiction book and write 3 facts you learned in your journal.	Write your favourite memory from grade three/four in your journal. :)	Design a movement challenge for Ms. Lawlor to do! I will do our best to complete your challenge!
Play the "Array Game" uploaded on SeeSaw. You will need a partner and two dice to play.	Take Flat Ms. Lawlor outside and read your all time favourite picture book to me!	Complete the "Ending the Year with Emojis" activity on SeeSaw.	Record a video message for the class! Upload your video to Seesaw and Ms. Lawlor will share it with the group :)
Multiplication Review: Choose from the practice pages uploaded to SeeSaw to continue practicing the multiplication concepts you have learned this year!	Write a summary of what you read today!	Complete the "End of the School Year-Letter to Next Year's Teacher" activity on SeeSaw.	Mandala Art Create a mandala to practice focus and mindfulness. 
Complete the "Write the Fraction" activity uploaded on SeeSaw.	Read a magazine, comic book or recipe book.	In your journal, write a Summer Bucket List of at least 10 things you hope to do over the summer.	Play Hide and Seek with your family! Send us a picture or upload it on SeeSaw. :)
Complete the "Multiplication and Division Fact Families" activity uploaded on SeeSaw.	Record yourself reading a few pages from one of your favourite books and upload it to SeeSaw.	Complete the "Ending Punctuation" activity uploaded on SeeSaw.	Complete the 'How have I changed this year?' activity uploaded on Seesaw :)

You are all awesome! Have fun working on your choice board :)
